FAMILY PETITE SESSIONS

ALL THE DETAILS ABOUT PETITE
SESSIONS WITH ALP

2026

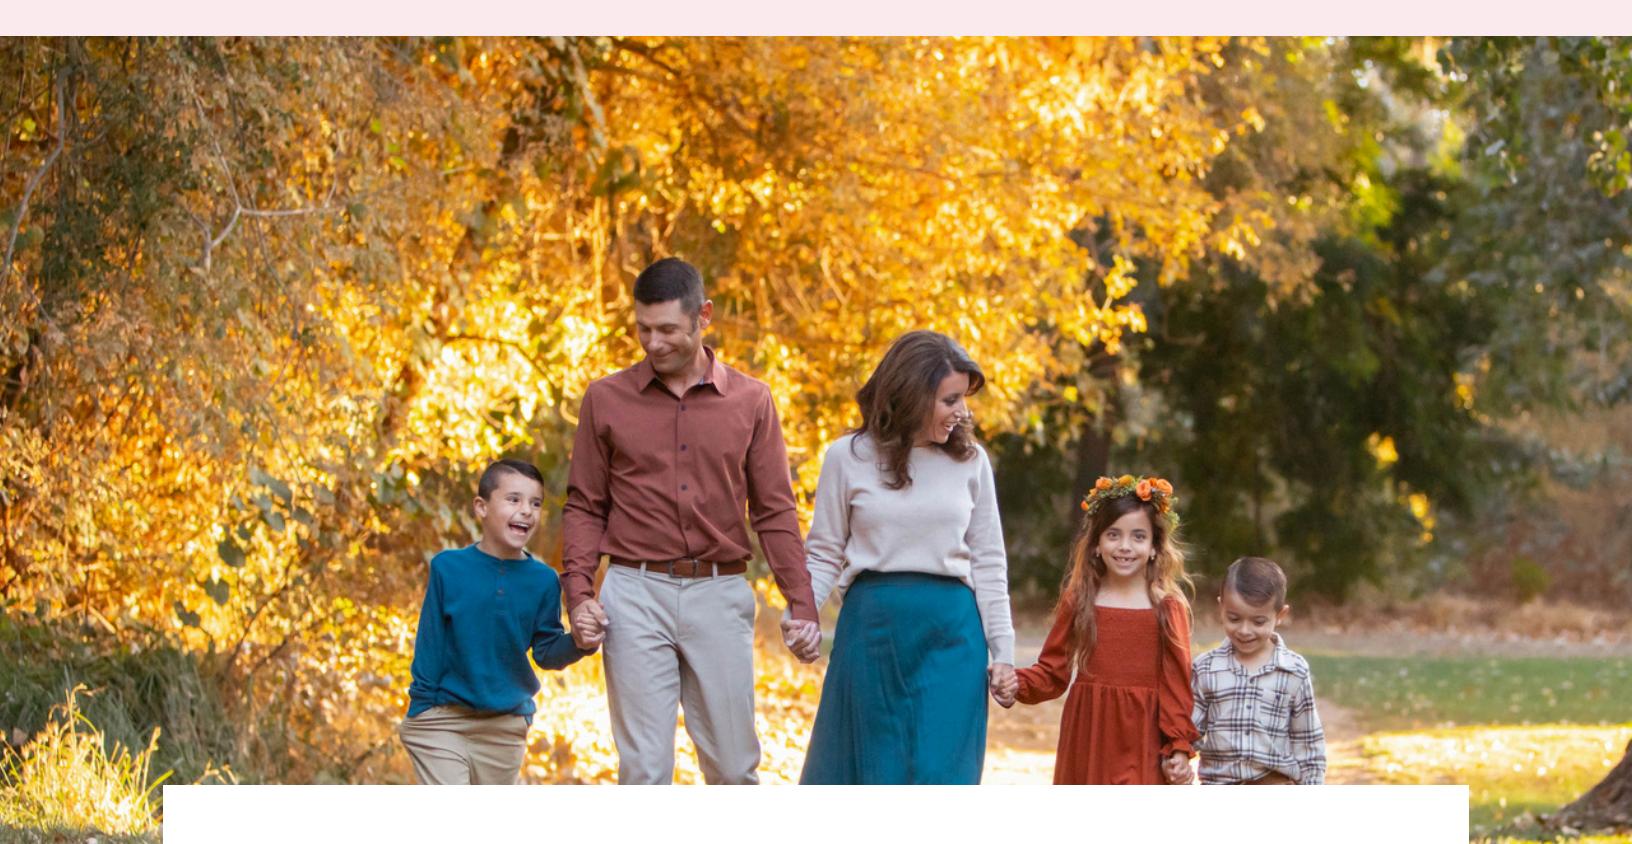

Hey I'm Angie

Thank you for booking your session with Angie Lane Photography! I am so excited to capture your family. With two kids in college, I know how fleeting these moments are! And my goal with every session is to capture the moments that we don't always think about as moms, but we cherish all the same, whether your kids are tiny or big! I will be there every step of the way to make your photo session stress free so that you can enjoy the experience and just focus on loving on your family!

This Client Prep guide will be your go-to resource to help you prepare for the best experience possible at our session. And of course, feel free to contact me with questions or concerns at any point along the way!

WHAT IS A

Petite Session?

Limited edition sessions are shorter sessions, held at a specific time at a specific location and are scheduled back-to-back. LE Sessions are held a few times a year in different locations.

I love petite sessions because they're a great way to see what a session with ALP is all about, but with a smaller investment.

limited edition sessions ARE GREAT FOR

UPDATING YEARLY PHOTOS

Many of my families like to update their family photo every year because kids change so fast (especially in those toddler and teen years!)

HAVING PHOTOS DONE BEFORE KIDS GO TO COLLEGE

If it's been a while since you had a family photo taken, this is the perfect time to do it before kids go to college! Once they are gone, it's very hard to schedule, because who knows when they will be back?

HAVING PHOTOS DONE IN A UNIQUE LOCATION

If a dream location like Yosemite or Monterey is on your bucket list, watch for Limited Edition sessions -- when you book at LE session, you don't have to pay a travel fee to these amazing spots!

FOR THOSE WHO DON'T WANT A CUSTOM SESSION

If you like to choose your session based on a few dates and locations (instead of a date and location custom to you) then a limited edition session is perfect for you!

limited edition vs SIGNATURE SESSION

LIMITED EDITION SESSION

- **Investment:** \$75-\$125 session fee with collections ranging from \$424-\$1249 (depending on session)
- **Session Length:** 15-45 minutes (depending on session)
- **Dates:** sessions are scheduled back-to-back on specific dates.
- **Location:** Sessions are held at specific locations, determined by the photographer.

SIGNATURE (FULL) SESSION

- **Investment:** \$175 session fee with collections ranging from \$999-\$1549
- **Session Length:** typically about 60 minutes but it could be slightly shorter or longer depending on your family (I take my cues from them!)
- **Dates:** session is scheduled on a date that works best for your family. No other sessions scheduled before or after your session.
- **Location:** chosen based on the look you want for your session within one hour of Stockton.

so...how does this ALL WORK?

01 / Book Your Session

The first step is to book your session through my booking site. You will pay your session fee and sign your portrait agreement through the booking process.

02 / Get Prepared

Once you've booked with us, you'll receive a session prep guide to ensure that you're ready for your portrait perfect session! It includes everything from how prep your clothes, how soon to arrive, and all the details!

03 / Session Day

You'll meet me at the location 10 minutes before your session time so we can be sure to start on time. Sessions are booked back to back so if you are late, you will have less time.

04/ Gallery Delivery

About two weeks after your session you will receive a link to view your slideshow and choose your collection. Once you have chosen a collection, your gallery and online store will open up and you will have 30 days to choose the digital images you want to download and the products you want to purchase with your collection credit.

what happens
After the Session?

After your session, I will get to work on culling your images down to the very best of the best then editing those images and getting them up into your gallery. Once they're ready, you will receive an email with a link to your slideshow.

When you're ready to click the slideshow link, I encourage you to make an event of it! Queue it up on your tv or a large computer screen and gather the whole family around (sound up!)... the first time you see your photos is always the best.

Remember, your slideshow is only available for 24 hours or until you purchase your collection - whichever comes first - but once you've selected and paid for your collection, your gallery (and the slideshow!) will be available for thirty days, pre-loaded with your print credit and set for you to download the number of files that corresponds with your collection.

Online Store

Every collection includes a complimentary print credit. These are a few of the heirloom products available in the online store!
